MD'S COMMUNIQUE

Innovation and technology are at the forefront of our strategy. We believe innovation that leads to greener and more sustainable products is a white spot in the pigment market. We continue to invest in developing new products and bettering our existing products to make them more effective for our customers and more responsible towards the environment. Our sustainable practices are holistic.

Dear Stakeholders,

I hope this letter finds you in good health and spirits. I am pleased to share the 'state of the union' Heubach Colorants India Ltd (HCIL) during FY 2022-23. HCIL is a leader in the colorant industry with a long and proud history.

HCIL operates in a dynamic environment with challenges and opportunities. We are committed to creating a better tomorrow, and we do that by providing peace of mind to our customers and by focusing on bringing more and more sustainable products to them and via them to the end consumers.

Our strategy is built on **growth, efficiency, green innovation, and peace of mind.**

Let me share some progress/reflections on each of them.

Green Innovation

Innovation and technology are at the forefront of our strategy. We believe innovation that leads to greener and more sustainable products is a white spot in the pigment market. We continue to invest in developing new products and bettering our existing products to make them more effective for our customers and more responsible towards the environment. Our sustainable practices are holistic, and an example of how we walk the talk is the investments we have made to enhance the use of renewable energy at our manufacturing sites.

Our ethos embodies sustainability, exemplified by the 7.5 MWp Offsite Solar Power Plant in Roha, operational since May 2023, meeting 55% of power demands and reducing CO₂ emissions. This initiative fulfills 75% of energy needs from renewables. Furthering our commitment, the Hybrid Power Project in Cuddalore blends wind and solar for

60% power fulfillment by Nov 2023, fortifying sustainability and curbing CO₂ emissions. These efforts underline our unwavering integration of sustainability into core operations, making HCIL's actions a dynamic force for environmental commitment.

Efficiency

Our customers demand efficiency in what we do, and we are proud of the immense progress we have made in making our way of working more efficient. The company has seen remarkable progress over the years in making our sites and manufacturing more efficient, ensuring we continue delivering world-class products to our customers.

Peace of Mind

We pride ourselves on being a reliable long-term partner for many stakeholders. These partnerships were possible due to our attention to detail inside the Company and being ever-connected to the needs of our stakeholders outside the Company. We are on a journey to be a partner who gives absolute peace of mind. In the past year, we have improved our supply chain reliability, made strides in quality performance and enhanced our customer service levels. This journey never ends; each year, we strive to improve on this count.

Growth

A consequence of executing the above pillars of our strategy well is growth. The company is laser-focused on the need to deliver robust growth. Amidst a very tough market situation, we continued to work on building a platform for growth that is strong and sustainable.

Vital to our success as a Company is the well-being of our employees. We have taken comprehensive measures to create a safe and conducive working environment underpinned by robust health and safety

protocols. Our employees continue to be proud to be a part of the company, and we continue to communicate frequently with them to make our company better every day.

As I reflect on the past year, the pigment industry faced multiple and unprecedented challenges, including geo-political instability, tapering demand, and uncertain pricing. Despite these headwinds, we demonstrated remarkable resilience by stabilizing margins and sharpening our focus on innovation and sustainability. A key enabler for this has been our employees' unwavering commitment and world-class engagement. In this challenging environment, we have built more robust partnerships with our customers and suppliers. We fortified our innovation pipeline, laying the foundation for a prosperous future. In addition to these milestones, we successfully navigated a change in the majority shareholding of the Company, ensuring a smooth transition.

As I look ahead, I remain optimistic about the future of HCIL. My optimism is based on the fact that we have spent the last year strengthening the foundations of the business. We have reinvigorated our innovation efforts and taken the lead in being a world-class company regarding sustainability.

I extend my heartfelt gratitude to all our shareholders and stakeholders for your support and belief in HCIL. Our collective efforts will continue to shape a colourful and sustainable world.

Warm regards,

Bharath R. Sessa

Through extensive research and development, HCIL has honed its product formulations to meet the unique needs of each sector, providing tailored solutions that excel in performance and sustainability.

Products of HCIL

- **Organic Pigments:** A diverse range of colorful compounds derived from organic sources, offering vibrant hues for various applications
- **Inorganic Pigments:** Inorganic mineral-based pigments, renowned for their durability and lightfastness, enriching surfaces with lasting and stable colors
- **Pigment Preparations:** Carefully formulated pigment blends designed for convenience and ease of use, simplifying color integration in various products
- **Dyes:** Versatile colorants with high solubility, ideal for dyeing and tinting a wide range of materials, from textiles to plastics

Key Differentiators

Organic Pigments

- **High Chroma:** Brilliant chromatic intensity, creating vivid and eye catching colors
- **High Color Strength:** Exceptional color potency allowing efficient coloration while requiring less quantity for impressive results
- **Large Coverage of Color Space:** With a wide spectrum of shades, organic pigments offer extensive possibilities to explore and create a diverse range of colors
- **Limited Resistance:** Maintaining balance between color brilliance and adequate suitability for various applications

Inorganic Pigments

- **High Opacity:** Inorganic pigments excel in providing excellent coverage and opacity, making them ideal for applications requiring solid and consistent coloration
- **High Resistance/Fastness Properties:** With outstanding lightfastness and chemical resistance, inorganic pigments offer long lasting color stability, making them suitable for durable and robust applications

Pigment Preparations

- **Pre-dispersed Pigment in Liquid & Solid Form:** Pigment preparations come conveniently pre-mixed and ready to use, available in both liquid and solid forms, streamlining the color integration process
- **Custom Color Blends:** Offering tailored solutions, pigment preparations enable the creation of bespoke color blends, catering to specific preferences and applications
- **Specialized Properties for Specific Use Cases:** Pigment preparations can be formulated with specialized properties, optimizing their performance for particular use cases, ensuring enhanced efficacy and compatibility

Dyes

- **Specialty Dyes:** Dyes with specialized properties and applications tailored for specific use cases and industries
- **Aluminium Dyes:** Dyes designed specifically for coloring aluminum and related alloys, providing vibrant and durable coloration

BALANCING SUSTAINABILITY AND PERFORMANCE

BY RESHAPING THE FUTURE

As environmental consciousness continues to permeate consumer preferences and decisions, there is a growing demand for products made from sustainable and eco-friendly materials. This prevailing shift significantly shapes the Company's pursuits in creating new products and innovative and pioneering technologies.

Sustainability Endeavors are Guided by Three Strategic Priorities

Integrating Green Chemistry

Responsible use of natural resources and commitment to meeting the needs of the planet

- The Company emphasizes the significance of sustainable chemistry, which involves designing products and processes to reduce or eliminate hazardous substances and minimize environmental impacts while promoting economic growth
- The Company adheres to the twelve principles of 'Green Chemistry' in its pursuit of sustainable chemistry, which include:
 - Prevention
 - Atom economy
 - Less hazardous chemical syntheses
 - Designing safer products
 - Employing safer solvents and auxiliaries
 - Promoting energy efficiency in design
 - Utilizing renewable stocks
 - Reducing derivatives
 - Leveraging catalysis
 - Designing for degradation
 - Implementing real-time analysis for pollution prevention
 - Adopting inherently safer chemistry practices

Environmental Sustainability in Process

HCIL's focus is to become the partner of choice for industry leading sustainable products

- Prioritize safe handling of pigments and pigment preparations, exceeding national and international regulations when needed
- Continuous improvement of the existing high safety & environmental standards of our products and processes in the interest of customers and employees
- Production sites certified by all respective ISO standards (9001, 14001, 45001)
- Dedicate efforts to reduce carbon footprints, actively contributing to sustainability goals
- Implement renewable energy sources in production and office areas to support eco-friendly practices

- Adopt biofuel usage for boilers, effectively generating steam for production while reducing environmental impact
- Enforce stringent control measures on hazardous heavy metals and PCB content in pigments, with regular monitoring for safety compliance

Environmental Sustainability in Products

Contributing to a circular economy with a state-of-the-art product portfolio

- Innovating pigments for NTK packaging inks, replacing hazardous solvents like Toluene and Methyl Ethyl Ketone, prioritizing safety and sustainability
- Offering high color strength, stable, and superior-quality pigments, contributing to resource conservation efforts
- Pioneering eco-conscious practices, providing zinc-free alternatives for over a decade, with a comprehensive range of zinc-free orthophosphates and polyphosphates for exceptional protection in diverse applications
- Ensuring adherence to stringent environmental standards, offering organic pigments for coloration of biodegradable polymers such as PLA, PHA/PBS, and PBAT, compliant with EN 13432 guidelines when used below the maximum concentration in the final plastic application
- HCIL's black colorants allow the identification of polymer by the Near-Infrared technology sorting devices. Thus offering a solution for recycling black plastic
- Offer products from PV Fast and Graphtol ranges with OK compost INDUSTRIAL labels for compostable packaging in industrial composting plants
- Promote sustainable solutions like biodegradable, OK Compost alternatives, and recyclable colorants for environmental protection

Environmental Sustainability in Plants

Placing sustainability at the core of the business while driving innovation

- Installed a 7.5 MWp Offsite Solar Power Plant at Roha site, fulfilling 55% of electrical power demand with solar energy, achieving a remarkable 75% of total energy demand from renewable sources
- Advancing the Cuddalore site's sustainability with a Hybrid Power Plant project, combining Wind and Solar sources, set to deliver renewable energy by November 2023, fulfilling 60% of power requirements, reducing CO₂ emissions
- Converted all Spin Flash Dryers at Cuddalore site from Diesel to LPG fuel, demonstrating strong commitment to green energy initiatives, significantly reducing CO₂ emissions in plant operations

FOSTERING REACH & RELIABILITY IN OUR OPERATIONS

With a wide range of top-notch products, the Company is proud of its advanced logistics abilities, designed to fulfil all customer goals.

Cost and Efficiency

Achieving enhanced cost optimization and efficiency through streamlined processes, minimized air freight, reduced detention and demurrage, comprehensive RFQ roll out for all logistics activities, and optimal utilization of Government schemes like duty drawback and Rodtep

Customer Service

Distinguished by its commitment to exceptional customer service, the Company sets itself apart by consistently delivering personalized and top-tier assistance to meet and exceed customer expectations

Safety

Dedicated to upholding safety, the Company prioritizes strict adherence to the Company's policies, fostering secure environments for all individuals, actively engaging in awareness & reporting activities, and ensuring warehouse spaces are optimized for safety at all times

Asset Utilization

The Company optimizes asset utilization for greater operational efficiency through strategically pooling materials for both import and domestic dispatches, coupled with its focus on maximizing fleet utilization

Sustainable Operations

Embracing sustainability, the Company drives operational changes in its warehouses by embracing green energy solutions, optimizing energy consumption and packaging efficiency, transitioning to eco-friendly vehicles whenever possible, and minimizing carbon footprint through localized raw material sourcing

Capabilities

Sophisticated and multi-faceted logistics solutions

Broad portfolio of high-quality products

3 production sites

Applications expertise for diverse customer requirements

Specialized technology for efficient operations

Operational Highlights FY 2022-23

Automation

- Operated all production plants in Roha and Cuddalore on DCS (Distributed Control System)
- Automated most liquid handling processes in the plants
- Implemented MES (Manufacturing Execution System) in both Roha and Cuddalore plants, granting access to OEE (Overall Equipment Effectiveness), UEE (Unit Equipment Efficiency), and other operation parameters
- Equipped Roha warehouse with WMS (Warehouse Management System)
- Auto Power packing machine for Roha

Safety Highlights

- Achieved ZERO LTAR (Lost Time Accident Rate) in Roha, Cuddalore, and Nagda

Localization and Supply Chain Excellence

- Strategic localization of supply chains for efficient and reliable partnerships
- Swift response to customer demands despite supply chain disruptions
- Manufacturing footprint strengthens support for businesses

Strategic Supplier Management

Embodies a systematic and proactive approach, where the careful selection, development, and collaborative engagement with key suppliers pave the way for achieving long-term value, mitigating risks, and elevating overall business performance.

Strengthening Relation with Suppliers through

Safe Handling: A Top Priority

The Company upholds industry-leading standards and benchmarking across all facilities, ensuring high-quality materials for demanding production environments. It prioritizes the safe handling of its pigments and pigment preparations, exceeding compliance expectations when necessary.

With comprehensive logistics capabilities, the Company empowers exports with excellence, delivering high-quality products efficiently and responsibly. As the pigment industry evolves, the Company stands poised to lead as a reliable, innovative, and sustainable force in the market.

Mega Trends: A Reliable, Innovative, and Sustainable Leader

The Company envisions being a reliable, innovative, and sustainable leader in the pigment industry and leading the transformation in the sector. Thus, pushing the business to achieve:

- Stabilized margins achieved through robust cost management
- Nurtured enduring relationships with customers, fostering growth in sales

Management Discussion and Analysis Report

ECONOMIC OVERVIEW

The global economy displayed resilience in 2022, despite facing initial obstacles such as the ongoing Russia-Ukraine geopolitical crisis, disruptions in supply chains, increased energy prices and mounting inflationary pressures. In response, central banks worldwide raised policy interest rates to stimulate economic activities and address inflation concerns. According to April 2023 forecast by the International Monetary Fund (IMF), the global economy grew by 3.4% in 2022, with a projected growth rate of 2.8% in 2023 and 3.0% in 2024. These projections consider the easing of supply chain issues and a decrease in headline inflation due to lower energy and food prices. Whereas the Indian economy has also demonstrated robust growth in FY 2022-23, solidifying its position as one of the world's fastest-growing economies. This sustained growth trajectory has been driven by the expansion of economic activities, particularly in private sector consumption and the government's emphasis on infrastructure development. According to the Ministry of Statistics and Programme Implementation (MoSPI), the Indian economy achieved a growth rate of 7.2% in FY 2022-23. With increased government spending, along with the growth in private consumption and investment, as announced in the Union Budget 2023-24, there is a strong anticipation of enhanced economic activity and a boost to demand.

Overall, the global and Indian economies are expected to grow at a healthy pace in 2023 and 2024. However, there are some risks to this outlook, such as the ongoing geopolitical crisis in Ukraine and the potential for further supply chain disruptions.

SPECIALTY CHEMICAL INDUSTRY OVERVIEW

The specialty chemical industry has been experiencing growth on a global scale, driven by increased demand from sectors such as construction, water treatment and electronic chemicals. The sector also benefits from the rising demand for pharmaceuticals, food & feed additives, and flavors & fragrances, among other applications.

In India, the specialty chemicals segment is also growing at a handsome pace. This growth can be attributed to a number of factors, including increased demand from various end-user sectors, a growing domestic customer base, and evolving consumer lifestyles. However, it's important to note that the current market conditions are characterized by uncertainty in demand. While there are positive factors contributing to the industry's expansion, there are also some headwinds affecting the short-term outlook.

The worldwide China+1 strategy has presented India with a unique opportunity to become a viable alternative hub for specialty chemical manufacturing. India offers a number

of advantages, such as low-cost operations, availability of feedstock, a skilled labor force, a vast coastline and navigable waterways facilitating trade, favorable government policies, substantial import substitution opportunities, and robust intellectual property protection.

The favorable macroeconomic conditions and improvements in the business environment have created a positive ecosystem, attracting foreign specialty chemical manufacturers to invest in India. This presents a significant growth opportunity for India to emerge as a frontrunner in specialty chemical manufacturing. By leveraging its core research and development capabilities, the country is well-positioned to expand its global market share by scaling up production capacity, and adopting efficiency measures to deliver products at competitive costs.

PIGMENT INDUSTRY OVERVIEW

The global pigments market is characterized as dynamic and thriving, catering to diverse sectors like paints and coatings, printing inks, and plastics. Several factors drive this market's growth, including the increasing demand for vibrant colors in consumer goods, technological advancements, and rising disposable incomes worldwide. Despite short-term challenges, the market is poised for long-term positive growth.

An important development in this industry is the notable surge in demand from key application sectors, namely paints and coatings, construction, and plastic pigments. India, with its favorable ecosystem and localized value chain, has emerged as a promising destination for pigment manufacturing. Organic pigments make up 58% of the total pigment production in India.

HEUBACH COLORANTS INDIA LIMITED (HCIL)

Heubach Colorants India Limited (referred to as 'HCIL' or 'The Company') boasts an extraordinary portfolio, encompassing organic and inorganic high-performance pigments, and pigment preparations for paints, varnishes, plastics, coatings, printing, non-impact printing, inks, latex, adhesives, and construction materials. With manufacturing facilities strategically located in Roha (Maharashtra), Cuddalore (Tamil Nadu), and Nagda (Madhya Pradesh), the Company has a wide-ranging manufacturing presence throughout the country. The Company stands among the world's leading producers of high-quality organic and inorganic pigments, as well as in pigment preparation.

With a rich history, the Company has been shaping the world of colors, establishing an extraordinary legacy of excellence. The Company takes pride in its pioneering efforts to develop sustainable color technologies, aiming to create a brighter tomorrow for all. Beyond providing

innovative solutions, it strives to assist its customers in achieving their business and sustainability goals. Embracing the responsibility of driving positive change in the pigments industry, the Company implements industry-leading ESG (Environmental, Social, and Governance) measures. These measures ensure that the Company's operations meet the highest standards in quality and sustainability while upholding ethical business practices. By instilling peace of mind to its customers, employees, and stakeholders, The Company fosters a harmonious ecosystem which enables sustainable growth.

APPLICATIONS

Coatings

The comprehensive selection of high-performance organic and inorganic pigments, along with pigment preparations, stands as a testament to brilliance and durability. This caters to coatings and paints with utmost effectiveness.

Diverse Range of Coating Applications

- Automotive Coatings
- Coil Coatings
- Corrosion Protection
- Exterior Paints & Plasters
- Floor Coatings
- Industrial Coatings
- Interior Decorative Paints

- Powder Coatings
- Road Marking & Traffic Paints
- Wood Coatings

Plastics

Offering products that adhere to rigorous global benchmarks for environmental, health, and safety excellence, while also conserving energy and minimizing the customers' carbon impact.

Diverse Applications of Our Plastic Products

- Automotive Plastics
- Construction & Electrical
- Consumer Goods
- Fiber
- Packaging

PRINTING & DIGITAL PRINTING

Contemporary printing requires adaptable, top-tier solutions. Our pigments and pigment preparations cater to inkjet, toner, offset, flexographic, and gravure packaging needs, excelling with UV, solvent, and water-based inks.

Our Printing Solutions Across Industries

- Ink jet
- Printing for Packaging
- Publication
- Specialty Printing
- Toner

SPECIAL APPLICATIONS

The diverse collection of pigment dispersions and pigments suits a broad array of usages, ranging from vivid textiles to high-end handbags, lightweight aluminum casings to vibrant balloons.

Versatile Applications of Our Solutions

- Home & Fabric Care
- Personal Care
- Seed Coloration & Crop Protection
- Aluminum anodizing dyes and chemicals
- Stationery
- Viscose Coloration
- Latex Coloration
- Leather and Paper Coloration
- Concrete & Plaster

INNOVATIONS IN ECO-FRIENDLY PIGMENTS AND COLORANTS

- Introduced LVOC colorants for odorless paints
- Created Lead Free pigments for eco-friendly paints
- Innovated pigments for NTK packaging inks, replacing hazardous solvents like Toluene and Methyl Ethyl Ketone. Delivered high-quality pigments with strong color intensity for resource-efficient solutions. These pigments enhance material longevity in paints and coatings
- Enhanced road marking paints to ensure durability and sustainability, contributing to road safety. Our HEUCOSIN™ products provide resilient solutions
- Prioritized safe handling of pigments, adhering to global regulations and often surpassing them
- Enhanced coatings' durability through our HEUCODUR® inorganic pigments, known for exceptional light fastness and weather resistance

- Pioneering in zinc-free alternatives for a decade, our range of orthophosphates and polyphosphates offer effective protection in various applications
- Complying with strict environmental standards, our organic pigments are suitable for coloring biodegradable polymers like PLA, PHA/PBS, and PBAT
- Enabled black polymer identification through Heubach's NIR technology, facilitating recycling of black plastics
- Ensuring compostability through selected products like PV Fast and Graphtol
- Promoting sustainability with Biodegradable, Ok Compost, and recyclable colorant options, prioritizing environmental protection
- Developed water-based pigment preparations for three decades, catering to various applications without solvents for eco-friendliness
- Rigorously monitoring pigment content for hazardous heavy metals and PCBs to ensure compliance and safety

Strength

- Rich industry presence
- Commitment to the highest standards in quality, sustainability, and integrity
- Extensive portfolio with comprehensive offerings
- Global network of related companies across 100 countries
- Connected to the customer through associate companies
- Diversified facility capabilities for multiple product portfolio

OUTLOOK AND OPPORTUNITIES

- **Emergence of a potential China + 1 strategy:**

As global supply chains actively seek alternatives to China to reduce dependency and diversify sourcing, a strategic opportunity arises for India to attract investments and expand its chemicals sector. The Company can position itself as a reliable and competitive partner for international companies looking to establish manufacturing and supply capabilities in India.

- **Availability of a skilled workforce and competitive labor costs:**

India takes pride in its abundance of technically skilled professionals and offers cost-effective labor. This winning combination enhances the competitiveness of the Indian chemicals industry, allowing the Company to maintain cost efficiency, while delivering colorants of high-quality.

- **Fragmented Industry:**

The pigment chemical industry's fragmentation poses challenges like intense competition but also opens opportunities for companies to differentiate and consolidate.

- **Limited Innovation and Application Development:**

A key attribute that differentiates the Company in the industry is the keen focus on innovation and differentiation. Innovation that marries an "outside in" approach with the key technical competencies of the company.

We work on bringing to our customers solutions that address the ever tightening regulatory environment for e.g. our products address the need to address regulatory requirements on LVOC colorants, lead-free pigments, pigments tailored for NTNK packaging ink. Additionally, the Company has introduced an array of inorganic pigments part of the HEUCODUR® product line.

- **Solution vs. Products:** Shifting customer preferences towards comprehensive solutions offers a chance for specialty chemical companies to evolve their business models.

Management Discussion and Analysis Report (Contd.)

The Company believes products are a vehicle to bring to customers solutions that matter to them. We often ask the customers about their toughest problems and how we can bring solutions to solve those issues. As an example in response to the feedback to increase the recyclability of plastics, the Company launched a black colorant which possess the capacity to facilitate polymer identification through employment with near-infrared technology sorting devices—thus presenting a solution for the recycling of plastics.

- **Sustainability:** Increasing focus on sustainability presents a significant opportunity. Embracing eco-friendly practices and offering green alternatives can give companies a competitive edge.

The water-based pigment preparations championed by the Company are characterized by their solvent-free composition, thereby making them eco-friendly. The Company has invested in renewable energy sources to meet the majority of energy needs at its production sites. The adoption of biofuels for boilers, for steam generation in the production process, is yet another example of walking the talk.

CHALLENGES

- **Slowing demand in global markets and higher raw material costs:**

The expansion of domestic capacities for export-oriented specialty chemicals, coupled with slowing demand in global markets, impacts product margins. Additionally, the increasing costs of key raw material due to inflation pose additional challenges

- **Need for differentiation and evolving as a solution provider:**

In the chemical industry, achieving differentiation is crucial for success. To stay competitive, the Company must evolve and shift its focus towards becoming a solution provider to meet the evolving needs of customers

ENVIRONMENT, CORPORATE SUSTAINABILITY, AND SOCIAL RESPONSIBILITY

With a strong commitment to ethical and sustainable business practices, the Company leads by the principles of ESG, Responsible Care, and its code of ethics. The Company proactively sets aspirational and realistic goals to address carbon emissions, and it has charted a roadmap to achieve these goals.

INTERNAL CONTROL SYSTEMS

The Company has implemented internal control systems that align with the size and nature of its business. These systems include corporate policies, management information, and reporting systems for critical operational areas, serving as essential components of the overall control mechanisms. To enhance the effectiveness of the internal control process, the Company has engaged independent firms of professionals as auditors, authorized by the Audit Committee, to assess the adequacy and compliance of the internal control process. These auditors provide comprehensive reports that include their observations and recommendations.

The Audit Committee of the Company plays a crucial role in ensuring strong internal controls. It approves the annual internal audit plan, which encompasses all business operations and support function activities. On a quarterly basis, the audit results and the recommended management actions, are presented to the Audit Committee.

The Company has established a robust system of internal financial controls in compliance with the Companies

Act, 2013, and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015. These controls are designed to ensure the adequacy and operating effectiveness of financial reporting. They provide reasonable assurance across various aspects, including adherence to the Company's policies and procedures, safeguarding of assets, prevention and detection of fraud and errors, reliability and completeness of accounts, and timely reporting of both financial and non-financial information, both internally and externally.

The internal financial controls and governance processes underwent a thorough review by an independent chartered accountant to assess their adequacy and effectiveness. Based on the evaluation, the Audit Committee concluded that as of March 31, 2023, the internal financial controls were operating effectively and were adequate.

HUMAN RESOURCES

The Company believes that fostering a culture of innovation, execution excellence, collaboration, and capability building is crucial for ensuring sustainable business growth and

Management Discussion and Analysis Report (Contd.)

creating a future-ready organization. The Company places significant emphasis on effective workforce management, recognizing its people as the most valuable resource. In this endeavor, the Human Resources (HR) department plays a pivotal role in nurturing the Company's organizational values and leadership behaviors. By encouraging a culture of continuous learning and development, the Company strives to empower its employees to excel and drive the organization forward.

To streamline HR processes and enhance operational efficiency, the Company has implemented digital platforms such as SAP SuccessFactors, an Automated Leave Management module, and the ADP payroll tool. These platforms have been provided to employees to automate various HR operations, resulting in smoother and more efficient workflows.

In terms of learning and development, the Company focuses on enhancing communication and digital skills among employees. The Company conducts programs on Effective Listening, Excel skills, and SAP skills to ensure holistic growth and equip employees with the abilities necessary to adapt to the evolving business landscape.

Effective communication plays a significant role in keeping employees engaged and connected. The Company organizes periodic town halls and various communication forums like HR Open House to facilitate transparent and effective communication channels. These platforms allow the Company to share updates, gather feedback, and foster connections with employees at all levels.

The Company understands that performance management is a key driver of employee engagement and an integral part of the individual development cycle. It ensures the translation of strategic business objectives into employees' day-to-day actions, enabling continuous growth and promoting innovation. To facilitate this, the Company follows a structured Performance Management Cycle. Typically, at the beginning of the year, eligible employees and their line managers align their goals and enter them in SuccessFactors within the specified deadlines. During

the goal-setting process, employees and supervisors collaborate to ensure goals are set SMART (Specific, Measurable, Attainable, Relevant, Timely) and include at least one goal related to the Cultural Agenda. This process promotes clarity, accountability, and alignment between individual and organizational objectives.

FY 2022-23 was a period of significant transformation for the Company, as there were challenges that required continuous efforts from the leadership team to maintain employee motivation and build confidence. Employee engagement initiatives, including performance management, increments, and investment in learning and development, played a crucial role in this process. By fostering a supportive and growth-oriented work environment, the Company aimed to rebuild employee confidence and inspire them to achieve their full potential. As of March 31, 2023, the Company had 494 employees.

Environment					
1	Carbon emission	Risk	Higher carbon footprint of the products has negative impact on sales and revenue generation as customers are preferring lesser carbon footprint products.	Reduce carbon footprint of the products by switching from thermal energy to renewable energy, replacement of fossil fuels with renewable fuels. Conduct Life cycle Assessment (LCA) to assess carbon footprint of various pigment products.	Negative
2	Circular economy (Waste & Water Management)	Opportunity	Implementation of sustainable waste management practices promoting reduce, reuse and recycle, reduces the dependency on natural resources and also minimizes waste disposal related costs. 100% of treatment and reuse of treated wastewater in various industrial applications helps in mitigating water related risks and reduces the utility bills.	Practice segregation of waste and enhance the recycling of waste by identifying the end use applications. Deployment of suitable wastewater treatment technologies for improving the treated wastewater parameters for further utilization in various industrial applications by reducing the dependency on freshwater resources.	Positive
3	Sustainable Innovation	Risk	Changes in regulations preferring eco-friendly products with lesser environmental footprint brings the challenge to the company for revenue generation and business expansion.	Develop new products with lesser environmental footprint through research and development. Invest in research & development activities for producing new products.	Negative
Social					
4.	Occupational Health & Safety	Risk	Accidents and injuries to employees and workers at workplace negatively impacts the operations of the company and brand value.	Identification of occupational health & safety related risks and implementation of mitigation plan. Conduct regular training programs on health & safety to all employees and workers. Principle 6: Businesses should respect and make efforts to protect and restore the environment**ESSENTIAL INDICATORS****1. Details of total energy consumption (in GJ) and energy intensity, in the following format:**

Parameter	FY 2022-23	FY 2021-22
Total electricity consumption (A) (GJ)	79,647	92,860
Total fuel consumption (B) (GJ)	2,88,901	3,01,486
Energy consumption through other sources (C) (GJ)	56,685	66,668
Total energy consumption (A+B+C) (GJ)	4,25,233	4,61,014
Energy intensity per rupee of turnover (Total energy consumption/ turnover in rupees) (in GJ/INR in Lakhs)	5.55	6.02

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

Not Applicable

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2022-23	FY 2021-22
Water withdrawal by source (in kiloliters)		
(i) Surface water	0	0

Water intensity per rupee of turnover (Water consumed in KL / turnover in ₹ Lakhs)	10.68	14.05

Business Responsibility and Sustainability Report (Contd.)

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

The Company is having 3 facilities in Roha, Nagda and Cuddalore. Among these 3 facilities, Nagda facility has implemented Zero Liquid Discharge Mechanism and in the remaining plants more than 80% of the water is being recycled.

5. Provide details of air emissions (other than GHG emissions) by the entity, in the following format.

Parameter	Please specify unit	FY 2022-23	FY 2021-22
Nox	Tons/year	1.59	5.02
SOx	Tons/year	4.16	33.01
Particulate matter (PM)	NA	NA	NA
Persistent organic pollutants (POP)	NA	NA	NA
Volatile organic compounds (VOC)	NA	NA	NA
Hazardous air pollutants (HAP)	NA	NA	NA

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, Independent assessments were carried out by Hubert Envirocare Systems and Jubilant Pharma & Chemical Lab.

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Please specify units	FY 2022-23	FY 2021-22
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	1,550.24	2,045.56
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	11,578.75	15,156.06
Total Scope 1 and Scope 2 emissions per Lakhs of turnover		0.17	0.22

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency:

Not Applicable

7. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details:

The Company has taken various initiatives for reducing green house gas emission and the details are provided below:

- Steam consumption optimized by
 - Weekly monitoring of steam network and steps initiated to replace defective steam traps by leak tag system
 - Target rationalized to reduce the steam consumption per ton of production
 - Regular Steam/Air Audits
- Utilities consumptions optimized by reducing consumption of electrical units per ton of production.
- Electricity consumptions optimized by:
 - Reduction of frequency with VFD for higher HP motor to get desired result without compromising quality and quantity.
 - Replaced conventional lights by energy efficient LED lights across site- Plants & offices while replacing defective lights.
 - Old air conditioners (AC) being replaced by new energy efficient AC and usage at optimized temperatures and set on & off system based on timer.
 - "Compressed Air audit" Conducted on weekly basis

Business Responsibility and Sustainability Report (Contd.)

- Replacing old motors by energy efficient motors
- Replaced old-damaged roof sheets with adequate transparent sheets to achieve abundant natural light
- Timer logic for stirrer operations for noncritical equipment
- VFD Based Air compressor to save electricity during load variation
- Use of Gravity flow for effluent handling instead of pumping
- Rearranged lighting switches from centralized to localized to switch off lights where not required, disposal of bi-products; instead of treating at site to reduce the energy consumption

4. Improved productivity resulting in energy saving:

- Higher batch size wherever possible
- Reduction in drying time at tray dryers and RVDs by optimizing drying temperature.

5. Steps taken by the Company for utilizing alternate sources of energy:

- Use of higher calorific value LPG in place of Bio Diesel for hot air generator, which resulted in environment benefit and also cost savings
- Installation of solar water heater for bathrooms on Site. Use of LSHS oil as fuel instead of furnace oil

6. The installation process of Solar Power Project for the Roha site has been finalized, and the solar power facility is currently in operation since May 2023. This achievement will cater to 55% of the site's electricity requirements through solar energy, thereby enhancing its sustainability efforts and contributing to a decreased emission of CO₂. As a whole, 75% of the site's energy needs will now be met by renewable sources.7. The Cuddalore site is progressing with its Hybrid Power Project, integrating both wind and solar energy sources. Agreements for this project have been finalized and the implementation phase is currently underway, with the anticipated outcome of generating renewable energy by November 2023. This initiative will address 60% of the power requirements through the Hybrid setup, contributing to enhanced sustainability and a consequent reduction in CO₂ emissions.

8. Cuddalore facility has switched from diesel to LPG fuel for spin flash dryers to reduce the green house gas emissions.

8. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2022-23	FY 2021-22
Total Waste generated (in MT)		
Plastic waste (A)	108.63	161.05
E-waste (B)	0	0
Bio-medical waste (C)	0	0
Construction and demolition waste (D)	0	0
Battery waste (E)	0	0
Radioactive waste (F)	0	0
Other Hazardous waste. Please specify, if any. (G)	3219.27	3637.92
Other Non-hazardous waste generated (H)/. Please specify, if any.	1343.74	1440.37
Total (A+B + C + D + E + F + G + H)	4671.64	5239.34

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No

Business Responsibility and Sustainability Report (Contd.)

For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes):

Category of waste	FY 2022-23	FY 2021-22
	Total Waste generated (in MT)	
(i) Recycled	25.63	26.84
(ii) Re-used	0	0
(iii) Other recovery operations	0	0
Total	25.63	26.84

For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes):

Category of waste	FY 2022-23	FY 2021-22
	Total Waste generated (in MT)	
(i) Incineration	298.82	99.37
(ii) Landfilling	1390.2	2531.32
(iii) Other recovery operations	2,956.99	2,581.71

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your Company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes:

Waste generated at manufacturing sites is segregated into various types based on composition and potential industrial applications. Waste is reused and recycled wherever possible and residual fraction of waste is safely disposed through waste management agencies authorized by the pollution control board.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, specify details in the following format:

S. No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
1	Plot No. 113/114 MIDC Dhatav Industrial Estate, Dhatav village, Roha Taluka, Raigad	Production	Yes

11. Details environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link

12. Is the entity compliant with the applicable environmental law / regulations / guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment Protection Act, and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

S. No.	Specify the law / regulation / guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken if any
--------	---	---------------------------------------	---	--------------------------------

Yes, the Company is compliant with all applicable laws, regulations and guidelines and there are no non-compliances in the reported period.

LEADERSHIP INDICATORS

1. Provide break-up of the total energy consumed (in Joules or multiples) from renewable and non-renewable sources, in the following format:

3. Water withdrawal, consumption, and discharge in areas of water stress (in kiloliters) Yes

For each facility / plant located in areas of water stress, provide the following information:

- Name of the area: Cuddalore
- Nature of operations: Manufacturing of pigments
- Water withdrawal, consumption, and discharge in the following format:

Parameter	FY 2022-23	FY 2021-22
Water withdrawal by source (in kiloliters)		
(i) To Surface water	NA	NA
(ii) Groundwater	229553	277952

4. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2022-23	FY 2021-22
Total Scope 3 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tonnes of CO2 equivalent	Not Monitored	
Total Scope 3 emissions per rupee of turnover			
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity			

5. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

Not Applicable

6. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

- Sustainable PCF and bio-based selected Azo &HPP product development for coating and plastic application
- Circular economy colour solution to Plastics industry :
 - Detectable black
 - PCR shade matching
 - Re-cycle range
 - Ok for compostable
- Biodegradable colour solution to H&PC
- Mass coloration of Lyocell fibre thereby reducing water consumption
- At Roha and Cuddalore we are using 85% Briquettes (green Fuel) used for manufacturing of steam since more than 18 years
- Using LPG instead of HSD for Spin Flash Dryers at Cuddalore facility from the past one year
- Company has invested in renewable energy projects to source more than 65% of the energy from the renewable sources in Roha and Cuddalore facilities through which 12 tons of carbon emission is reduced per year.

7. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

The company is having a risk and emergency management system where a comprehensive assessment of risks related to the operations and products is carried out as a pre-requisite to business processes. Emergency management plan is in place to mitigate business continuity and disaster management related risks. The detailed process and mechanism is available on Company's intranet.

8. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?

Not Applicable

9. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts:

70% of the value chain partners were assessed on environmental impacts by referring Ecovadis ratings of value chain partners.

Business Responsibility and Sustainability Report (Contd.)

Principle 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

ESSENTIAL INDICATORS

1. a. **Number of affiliations with trade and industry chambers / associations: 2**
- b. **List the top 10 trade and industry chambers / associations (determined based on the total members of such a body) the entity is a member of / affiliated to.**

S. No.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)
1	The Bombay Chambers of Commerce	State
2	Indian Chemical Council	National

2. **Provide details of corrective action taken or underway on any issues related to anticompetitive conduct by the entity, based on adverse orders from regulatory authorities.**

Not Applicable

LEADERSHIP INDICATORS

1. **Details of public policy positions advocated by the entity:**

S. No.	Public policy advocated	Method resorted for such advocacy	Whether information available in public domain? (Yes/No)	Frequency of Review by Board (Annually/ Half yearly/ Quarterly / Others - please specify)	Web Link, if available
Nil					

Principle 8: Businesses should promote inclusive growth and equitable development

ESSENTIAL INDICATORS

1. **Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current FY 2022-23:**

Name and brief details of project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
Not Applicable					

2. **Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity in the following format:**

S.no	Name of project for which R&R is ongoing	State	District	No. of project affected families (PAFs)	% Of PAFs covered by R&R	Amounts paid to PAFs in the FY (in ₹)
Not Applicable						

3. **Describe the mechanisms to receive and redress grievances of the community:**

The CSR committee periodically interacts with the communities to receive and redress grievances. The communities can also communicate their grievances to site level CSR team or to the corporate office via email. The site level team also regularly communicates with key stakeholders from the surroundings communities. The CSR team also implement necessary initiatives and projects through its CSR policy redressing the grievances of the communities.

Independent Auditor's Report

To the Members of Heubach Colorants India Limited
(formerly Clariant Chemicals (India) Limited)

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying financial statements of Heubach Colorants India Limited (formerly Clariant Chemicals (India) Limited) ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (Including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and profit, other

comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended March 31, 2023. This matter is addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's

ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Financial Statements.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books including daily back-up of books of accounts and other books and papers maintained in electronic mode. However, the servers for the back-up of books of accounts and other books and papers of the company maintained in

Independent Auditor's Report (Contd.)

- electronic mode are physically located outside India.
- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 35 to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. 1. The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 2. The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 3. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis-statement.
 - v. The Company has neither declared nor paid any dividend during the year.
 - vi. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the company only w.e.f. April 1, 2023, reporting under this clause is not applicable.
3. In our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

Annexure A To the Independent Auditor's Report on Even Date on the Financial Statements of Heubach Colorants India Limited (Formerly Clariant Chemicals (India) Limited)

Auditor's Responsibilities for the Audit of the Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may

cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Auditor's Responsibilities for the Audit of the Financial Statements

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the year ended March 31, 2023 and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure B to Independent Auditors' Report of even date on the financial statements of Heubach Colorants India Limited for the year ended March 31, 2023

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

- i.
- (a) A. The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment and relevant details of right of use assets.
- B. The Company has maintained proper records showing full particulars of intangible assets.
- (b) All the Property, Plant and Equipment and Right of use Assets have not been physically verified by the management during the year but there is a regular program of verification, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us, the Company has not revalued its property, plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Accordingly, the requirements under paragraph 3(i)(d) of the Order are not applicable to the Company.
- (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988, as amended and rules made thereunder. Accordingly, the provisions stated in paragraph 3(i) (e) of the Order are not applicable to the Company.
- ii.
- (a) The inventory (excluding stocks with third parties) has been physically verified by the management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. In our opinion, the frequency, coverage and procedure of such verification is reasonable. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.
- (b) The Company has not been sanctioned any working capital limits during the year. Accordingly, the requirements under paragraph 3(ii)(b) of the Order is not applicable to the Company.
- iii. According to the information explanation provided to us, the Company has not provided any guarantee or security, or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties.
- iv. According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the terms and conditions in relation to investments made are not prejudicial to the interest of the Company.
- v. According to the information and explanations given to us, the Company has neither, directly or indirectly, granted any loan, or provided guarantee or security to any of its directors or to any other person in whom the director is interested, in accordance with the provisions of Section 185 of the Act nor made investments through more than two layers of investment companies in accordance with the provisions of Section 186 of the Act. Accordingly, provisions stated in paragraph 3(iv) of the Order are not applicable to the Company.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant Rules made by the Central Government for the maintenance of cost records under Section 148(1) of the Act and we are of the opinion that prima facie the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii.
- (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, undisputed statutory dues including Goods and Services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess, and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases.

Annexure B to Independent Auditors' Report of even date on the financial statements of Heubach Colorants India Limited for the year ended March 31, 2023 (Contd.)

There are no undisputed amounts payable in respect of Goods and Services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, cess, and other statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.

- (b) According to the information and explanation given to us and examination of records of the Company, details of statutory dues referred to in sub-Clause (a) above which have not been deposited as on March 31, 2023 on account of any dispute, are as follows:

Annexure C to the Independent Auditor's Report of even date on the financial statements of Heubach Colorants India Limited (Formerly Clariant Chemicals (India) Limited)

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Heubach Colorants India Limited (Formerly Clariant Chemicals (India) Limited) on the Financial Statements for the year ended March 31, 2023]

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

Opinion

We have audited the internal financial controls with reference to financial statements of **Heubach Colorants India Limited (Formerly Clariant Chemicals (India) Limited)** ("the Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2023, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the

Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls With reference to Financial Statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Annexure C to the Independent Auditor's Report of even date on the financial statements of Heubach Colorants India Limited (Formerly Clariant Chemicals (India) Limited) (Contd.)

Inherent Limitations of Internal Financial Controls With reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate

because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Statement of Changes In Equity
for the year ended March 31, 2023 (Contd.)

Nature and purpose of reserves

- (a) **Capital Reserve:** During amalgamation, the excess of share capital of transferor companies over the cost of consideration paid is treated as capital reserve.
- (b) **Capital Redemption Reserve:** The Company has recognized Capital Redemption Reserve on buyback of equity shares from its retained earnings. The amount in Capital Redemption Reserve is equal to nominal amount of the equity shares bought back.
- (c) **General Reserve:** The Company has transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act, 1956. Mandatory transfer to general reserve is not required under the Companies Act, 2013.
- (d) **Deemed Contribution from Parent:** The fair value of the equity-settled share based payment transactions with employees is recognized in Statement of Profit and Loss with corresponding credit to Employee Stock Options Outstanding Account.
- (e) **Retained Earnings:** Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.

Notes Forming Part of the Financial Statements For the year ended March 31, 2023

Company Information:

Heubach Colorants India Limited (Formerly Clariant Chemicals (India) Limited) (the 'Company') is a public limited Company domiciled in India and is listed on the BSE Limited ('BSE') and the National Stock Exchange of India Limited ('NSE'). Its registered office is situated at Reliable Tech Park, Gut no. 31, Village Elthan, off Thane-Belapur road, Airoli, Navi Mumbai – 400 708, Maharashtra, India. The Company is engaged inter alia, in manufacturing and selling Specialty Chemicals. The Company has its own manufacturing sites in the State of Maharashtra, Tamil Nadu and Madhya Pradesh.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation of financial statements:

Compliance with Ind AS

These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the 'Act'.

Historical cost convention

These financial statements have been prepared on historical cost basis, except for the following:

- certain financial assets and liabilities that are measured at fair value;
- defined benefit plans – plan assets measured at fair value; and
- share-based payments.

The Company has prepared the financial statements on the basis that it will continue to operate as a going concern.

Recent pronouncements

A. Standards (including amendments) issued but not yet effective

The Ministry of Corporate Affairs ("MCA") has notified Companies (Indian Accounting Standard) Amendment Rules, 2023 dated March 31, 2023, to amend certain Ind ASs which are effective from April 01, 2023.

Below is a summary of such amendments:

- (i) Disclosure of Accounting Policies – Amendment to Ind AS 1 Presentation of financial statements

The MCA issued amendments to Ind AS 1, providing guidance to help entities meet the accounting policy disclosure requirements. The amendments aim to make accounting policy disclosures more informative by replacing the requirement to disclose 'significant accounting policies' with 'material accounting policy information'. The amendments also provide guidance under what circumstance, the accounting policy information is likely to be considered material and therefore requiring disclosure.

The amendments are effective for annual reporting periods beginning on or after April 01, 2023. The Company is currently revisiting their accounting policy information disclosures to ensure consistency with the amended requirements.

- (ii) Definition of Accounting Estimates – Amendments to Ind AS 8 Accounting policies, changes in accounting estimates and errors

The amendment to Ind AS 8, which added the definition of accounting estimates, clarifies that the effects of a change in an input or measurement technique are changes in accounting estimates, unless resulting from the correction of prior period errors. These amendments clarify how entities make the distinction between changes in accounting estimate, changes in accounting policy and prior period errors. The distinction is important, because changes in accounting estimates are applied prospectively to future transactions and other future events, but changes in accounting policies are generally applied retrospectively to past transactions and other past events as well as the current period.

The amendments are effective for annual reporting periods beginning on or after April 01, 2023. The amendments are not expected to have a material impact on the Company's financial statements.

- (iii) Deferred Tax related to Assets and Liabilities arising from a Single Transaction – Amendments to Ind AS 12 Income taxes

The amendment to Ind AS 12, requires entities to recognize deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences. They will typically apply to transactions such as leases of lessees and decommissioning obligations and will require the recognition of additional deferred tax assets and liabilities.

The amendment should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, entities should recognize deferred tax assets (to the extent that it is probable that they can be utilized) and deferred tax liabilities at the beginning of the earliest comparative period for all deductible and taxable temporary differences associated with:

- right-of-use assets and lease liabilities, and
- decommissioning, restoration and similar liabilities, and the corresponding amounts recognized as part of the cost of the related assets.

The cumulative effect of recognising these adjustments is recognized in retained earnings, or another component of equity, as appropriate. Ind AS 12 did not previously address how to account for the tax effects of on-balance sheet leases and similar transactions and various approaches were considered acceptable. Some entities may have already accounted for such transactions consistent with the new requirements. These entities will not be affected by the amendments.

The Company is currently assessing the impact of the amendments.

- iv) The other amendments to Ind AS notified by these rules are primarily in the nature of clarifications.

B. Standards that became effective during the year

- (i) Onerous Contracts- Cost of Fulfilling a Contract – Amendments to Ind AS 37

Ind AS 37 defines an onerous contract as a contract in which the unavoidable costs

(costs that the Company has committed to pursuant to the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it.

The amendments to Ind AS 37 clarify, that the costs relating directly to the contract consist of both:

- The incremental costs of fulfilling that contract- e.g., direct labour and material; and
- An allocation of other costs that relate directly to fulfilling contracts: e.g., Allocation of depreciation charge on property, plant and equipment used in fulfilling the contract.

The Company, prior to the application of the amendments, did not have any onerous contracts.

The amendments were effective for annual reporting periods beginning on or after April 01, 2022. The amendments do not have a material impact on the Company.

- (ii) References to the Conceptual Framework – Amendments to Ind AS 103

The amendments update a reference to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations. The amendment also adds a new exception in Ind AS 103 for liabilities and contingent liabilities.

- (iii) Property, Plant and Equipment: Proceeds Before Intended Use- Amendment to Ind AS 16

The amendment to Ind AS 16 clarifies that any excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

These amendments had no impact on the year-end financial statements of the Company as there were no sales of such items.

- (iv) Ind AS 109 Financial Instruments – Fees in the '10 per cent' test for derecognition of financial liability

The amendment clarifies which fees an entity includes when assessing whether the

**NOTES FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)**

terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

These amendments had no impact on the financial statements of the Company as there were no modifications of the Company's financial instruments during the year.

- (v) Taxation in fair value measurements – Amendments to Ind AS 41

The amendment removes the requirement in Ind AS 41 for entities to exclude cash flows for taxation when measuring fair value. This aligns the fair value measurement in Ind AS 41 with the requirements of Ind AS 113, Fair Value Measurement.

- (vi) Ind AS 101: First Time Adoption of Indian Accounting Standards- Subsidiary as a first time adopter

The amendment provides that a subsidiary that uses the exemption in paragraph D16(a) of Ind AS 101 may elect, in its financial statements, to measure cumulative translation differences for all foreign operations in its financial statements using the amounts reported by the parent, based on the parent's date of transition to Ind AS, if no adjustments were made for consolidation procedures and for the effects of the business combination in which the parent acquired the subsidiary. This election is also available to an associate or joint venture that uses exemption in paragraph D16(a) of Ind AS 101.

These amendments had no impact on the financial statements of the Company as it is not a first-time adopter.

(b) Segment reporting

Information reported to the Chief operating decision maker (CODM) for the purposes of resource allocation and assessment of segment performance focuses on the types of goods delivered or provided.

No operating segments have been aggregated in arriving at the reportable segments of the Company.

The Company's reportable segments under Ind AS 108 are as follows:

- i. Plastics and Coatings:** Includes pigments, pigment preparations.
- ii. Specialty Chemicals:** Includes dyestuff, synthetic resins, functional effects and coating, auxiliaries and chemicals.

Company's Business unit grouped into two Business Areas (BA) (reportable segments), in accordance with Ind AS 108, Operating Segments:

- Plastics and Coatings (BU Pigments)
- Specialty Chemicals (BU ICS)

The operating segments have been identified on the basis of the nature of products.

(c) Foreign currency translation

In preparing the financial statements of the Company, transactions in currencies other than the Company's functional currency viz. Indian Rupee, are recognized at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognized in statement of profit or loss in the period in which they arise. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/(losses). Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

(d) Recognition of revenue

Sales of goods and services are recognized in line with the requirements of Ind AS 115, Revenue from contracts with customers. Revenue is measured based on the consideration the Company expects to receive in exchange for the goods or services. Revenue from sales of goods is recognized in the income statement when control has been transferred to the buyer, which is usually upon delivery, at a fixed or determinable price, and when collectability is reasonably assured. Delivery is defined based on the terms of the sale contract. Revenue from services is recognized when the respective services have been rendered. Revenue is reported net of goods and service tax, returns, discounts and rebates. Rebates to customers are provided for in the same period that

**NOTES FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)**

the related sales are recorded based on the contract terms.

The Company does not expect to have any contracts where the period between transfer of the promised goods or services to customer and payment by the customer exceed one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

A receivable is recognized when the goods are delivered as this is the point of time that the consideration is unconditional because only the passage of time is required before the payment is due.

(e) Other Operating Revenue

Export benefits / incentives are accounted on accrual basis when relevant exports are made.

Commission income is recognized only when the relevant service has been rendered or the goods have been delivered.

(f) Other income

Interest income is recognized on a time proportion basis, taking into account the principal outstanding and the effective rate over the period to maturity when it is determined that such income will accrue to the Company.

Dividends are recognized when the right to receive the payment is established.

Rental income arising from operating leases is accounted on a straight - line basis over the lease terms.

(g) Income tax

Income tax expense represents the sum of current tax and deferred tax.

The current tax expense or credit for the year is the tax payable on the current period's taxable income based on the applicable enacted income tax rate in accordance with the Income Tax Act, 1961, adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, items that are never taxable/deductible and unused tax losses/ tax credits.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying

amounts in the financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction (other than in a business combination) that affects neither accounting profit nor taxable profit. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted at the balance sheet date and are expected to apply when the related deferred income tax asset is realized or the deferred tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable profits will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognized in statement of profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity, in which case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

(h) Leases
i. As a Lessee:

Leases are recognized as right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non-lease components based on their relative standalone prices.

Assets and liabilities arising from a lease are initially measured on present value basis. Lease liabilities include the net present value of the following lease payments:

- Lease payments less any lease incentives receivable;
- Variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date; and
- Amounts expected to be payable by the Company under residual value guarantees, if any.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using Company's incremental borrowing rate (since the interest rate implicit in the lease cannot be readily determined). Incremental borrowing rate is the rate of interest that the Company would have to pay to borrow over a similar term, and a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment and based on company's standalone credit worthiness.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- The amount of the initial measurement of lease liability;
- Any lease payments made at or before the commencement date less any lease incentives received; and
- Any initial direct costs for new leases.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases and leases of low-value assets are recognized on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less. A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The Company applies Ind AS 36 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described in the note 1(h) impairment of assets. Variable rents that do not depend on an index or rate are not included in the measurement of the lease liability and the right-of-use asset. The related payments are recognized as an expense

in the period in which the event or condition that triggers those payments occurs and are included in the line 'Other expenses' in profit or loss.

ii. **As a lessor:**

Lease income from operating leases where the Company is lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognized as expense over the lease term on the same basis as lease income. The Company did not need to make any adjustment to the accounting for assets held as lessor as a result of adopting the new leasing standard.

(i) **Impairment of assets**

Goodwill that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes are indicative in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment.

(j) **Cash and cash equivalents**

For the purpose of presentation in the Statement of cash flows, cash and cash equivalents includes cash on hand, cheques/drafts on hand and balances with banks of current and term deposit account, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value, and bank overdraft.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

(k) **Trade receivables**

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less allowances for credit losses.

(l) **Inventories**

Cost is determined on weighted average basis. Cost of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Raw materials, packing materials, work in progress, finished goods, stock-in-trade and stores and spares are stated at the lower of cost and net realizable value. Cost of raw materials and stock-in-trade include cost of purchases. Cost of work-in-progress and finished goods include direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure (allocated on the basis of normal operating capacity). Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition.

(m) **Investments and other financial assets**

Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through statement of profit or loss), and
- those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in statement of profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income or through statement of profit or loss account.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- **Amortized cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit or loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through

**NOTES FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)**

profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of profit or loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

There are no debt instruments held by the Company.

Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognized in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognized in other gain / (losses) in the statement of profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Impairment of financial assets

The Company assesses on a forward-looking basis the expected credit loss associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 33 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

Derecognition of financial assets

A financial asset is derecognized only when the Company

- has transferred the rights to receive cash flows from the financial asset or,
- retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

(n) Offsetting financial instruments

Financial assets and liabilities are offset, and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

(o) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is

**NOTES FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)**

derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a pro-rata basis on the straight-line method ('SLM') over the estimated useful lives of the assets specified in Schedule II of the Companies Act, 2013, except in case of certain assets, wherein based on technical evaluation, a different useful life has been considered. The estimated useful lives of assets are as follows:

Asset	Useful Life	Asset	Useful Life
Factory building	30 Years	Computers	4 Years
Office building	60 Years	Furniture and fixture	10 Years
Roads	5 to 10 Years	Office equipment	5 Years
Plant and equipment	10 Years	Vehicles	5 to 8 Years
Hardware mainframes and Servers	6 Years	Leasehold improvements	10 Years

- All assets are fully depreciated in the last year of its useful life. The assets' useful lives are re-viewed, and adjusted if appropriate, at the end of each reporting period.
- An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.
- Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in statement of profit or loss.

(p) Goodwill

Goodwill on acquisitions of business is not amortized but it is tested for impairment annually or more frequently if events or changes in circumstances are indicative of impairment and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which is Pigment.

(q) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid as at the end of balance sheet date. The amounts are unsecured and are generally paid within 60 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

(r) Provisions and Contingent Liabilities

Provisions are recognized when there is a present or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are not recognized for future operating losses.

Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the balance sheet date and are not discounted to its present value. These are reviewed at each year end date and adjusted to reflect the best current estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

(s) Employee benefits
Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled

**NOTES FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)**

wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Other long-term employee benefit obligations

These liabilities for earned leave is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. It is therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The Company presents provision for leave salaries as current and non-current based on actuarial valuation considering estimates of avilment of leave, separation of employee, etc. An employee is entitled to be paid the entire accumulated leave balance immediately on separation from the Company, as per the policy of the Company.

Post-employment obligations

The Company operates the following post-employment schemes:

- a) defined benefit plans such as gratuity, ex-gratia gratuity, provident fund; and
- b) defined contribution plans such as superannuation fund, employee state insurance and other funds.

Defined Benefit Plans

The Company has Defined Benefit Plans for post-employment benefits in the form of Provident Fund (treated as a Defined Benefit Plan on account of guaranteed interest benefit) and Gratuity. Provident Fund and Gratuity fund are recognized by the Income-tax authorities and administered through trustees and/or LIC. Liability for Defined Benefit Plans is provided on the basis of valuations, as at the Balance Sheet date, carried out by an independent actuary.

The liability or asset recognized in the balance sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets.

The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit or loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Defined contribution plans

The Company's contribution to superannuation fund, employee state insurance and other funds are considered as defined contribution plans, as the Company does not carry any further obligations apart from the contributions made on a monthly basis and are charged as an expense based on the amount of contribution required to be made. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in the future payments is available.

Share-based payments

Group share-based payments benefits were provided to few employees under senior management level settled by erstwhile ultimate holding Company, Clariant AG, Switzerland and accordingly classified as equity settled share-based payments.

Equity-settled share-based payments to employees are recognized as an employee benefit expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted. The total expense is recognized over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting

**NOTES FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)**

and service conditions. It recognizes the impact of the revision to original estimates, if any, in statement of profit or loss, with a corresponding adjustment to equity. The fair value of shares granted is calculated based on, market value of shares, as at grant date.

Bonus plans

The Company recognizes a liability and an expense for bonuses. The Company recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognizes termination benefits at the earlier of the following dates: (a) when the Company can no longer withdraw the offer of those benefits; and (b) when the entity recognizes costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(t) Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(u) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorized and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(v) Earnings per share
Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to equity holders of the Company; and
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(w) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Rupee in Lakhs as per the requirement of Schedule III of the 'Act', unless otherwise stated

NOTE 2: CRITICAL ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

- Estimation of taxes - Note 35
- Estimated goodwill impairment - Note 3C.
- Estimation for the accounting of employee benefits - Note 39
- Allowance for credit losses on trade receivable - Note 1(j) and 11
- Measurement of useful lives for property, plant and equipment and goodwill- Note 1(o) and (p).
- Estimation of Provision for Inventory - Note 9
- Determination of Lease term - Note 1(g) and 4

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Note 3C: Goodwill

Impairment testing mechanism to the cash-generating unit is as follows :

(₹ in Lakhs)

Cash generating unit (CGU)	March 31, 2023	March 31, 2022
Pigment business	894.11	894.11
Total	894.11	894.11

NOTES FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

The recoverable amount of the CGU is determined based on a value in use calculation which uses cash flow projections covering a five-year period and a discount rate 11.00% per annum (31-03-2022 : 11.87% per annum). Cash flow projections during the five year period are based on the historical growth rate and margins. The cash flows beyond that five-year period have been extrapolated using a steady 5% per annum (31-03-2022 : 5% per annum) growth rate which is the projected long-term average growth rate.

The Management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash-generating unit.

33 FINANCIAL INSTRUMENTS AND RISK REVIEW

Capital management

The Company's objectives when managing capital are to :

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders; and
- Maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

The capital structure of the Company consists of equity of the Company (comprising issued capital, reserves and retained earnings as detailed in notes 16 and 17). At the end of the reporting period, there are no significant concentrations of credit risk for financial assets measured at FVTPL. The carrying amount reflected above represents the Company's maximum exposure to credit risk for such financial assets.

Financial risk management framework

The Company is primarily exposed to financial risks, market risk (including foreign exchange risk and price risk), credit risk and liquidity risk. The Company's overall risk management program focuses on the unpredictability of financial markets and addresses the risk associated with the financial asset and liabilities.

Management identifies, evaluates and hedges financial risks under approved policies to manage overall foreign exchange risk, credit risk and investing surplus liquidity (counterparty risk).

Market risks

Foreign exchange risk

The Company has exports to and imports from other countries and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to the Euro and the US-dollar. Foreign exchange risk arise from recognized assets and liabilities, when they are denominated in a currency other than Indian Rupee.

The exchange rates have been volatile in the recent years and may continue to be volatile in the future. The Company mitigates the foreign exchange risk by setting appropriate exposure limits, periodic monitoring of the exposures etc.

Credit risk

Credit risk arises from entering into derivative financial instruments, from deposits with banks and financial institutions, as well as from credit exposures to customers, including outstanding receivables.

Customer credit risk exposure is triggered by customer default risk and country risk. As at balance sheet date, the Company does not have significant concentration of credit risk either due to size of customers or due to country risk.

Company has a credit risk policy in place to ensure that sales are made to customers only after an appropriate credit risk rating and credit line allocation process. Procedures are standardised within credit risk policy and supported by the IT system with respective credit management tools. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining collaterals viz Security Deposit or bank Guarantee as per Credit Policy, as a means of mitigating the risk of financial loss from defaults. The average credit period on sales of goods is 60 to 90 days.

The credit risk on Cash & cash equivalents and derivative financial instruments is limited because the counterparties are banks with high credit-ratings assigned by credit-rating agencies. Also, the credit risk on security deposits for rental premises and loans to employees have low credit risk because of no history of defaults and no concerns for the counterparties to meet their obligations in the future.

Liquidity risk

Liquidity risk management:

The Company is currently debt free having no long term financial liabilities. Management monitors the forecasts of the Company's liquidity requirements to ensure it has sufficient cash to meet its operational needs while maintaining sufficient headroom on its undrawn borrowing facilities. Considering the liquidity advantage, funds surplus to the operational needs are invested in the short term bank deposits. The cash & cash equivalents and bank deposits are highly liquid and are readily available for payment of liabilities.
